

MODERN SLAVERY FACTS

40.3 million people are estimated to be trapped in some form of modern slavery in the world today.

15,000 victims estimated in Australia (Global Slavery Index 2018).

Modern slavery describes slavery-like practices including forced labour, child labour and human trafficking.

High risk consumer products include tea, coffee, sugar, seafood, electronics, clothing and footwear.

Constant cost cutting creates an environment where slavery-tainted goods and services are everywhere.

“As a mother of a large family, I have always tried to shop by looking for the best dollar value. After learning about modern slavery now I want to make sure that my purchases are a faith decision rather than simply getting something cheaply.”

FAY, Parishioner St Columbas North Leichhardt

“

I encourage everyone in the Church and community to join with us on this issue. The curse of modern slavery cries out to us.

We acknowledge the effect of our purchases, and whether food, clothing and gadgets come from sources of concern.

The only thing necessary for the triumph of good is that good people do what is right under grace.”

MOST REV ANTHONY FISHER OP
